ELECTRIC SHAVER WITH PRECISION TRIMMER

STAINLESS STEEL
TRIPLE SHAVE SYSTEM

POP UP TRIMMER

■ WET OR DRY SHAVING

Engineered to be used with shave gel/foam or in the shower. May also be used dry for a quick shave or touch up. Pop up trimmer can be used for trimming longer hair.

■ TRIPLE SHAVE SYSTEM

3 specially designed shaving elements work in tandem for the closest and most gentle shave. Specialized center cutting blade cuts longer hairs than standard foils. Smart contour foil head pivots to work flawlessly on all face shapes with outstanding comfort.

■ 100% WATERPROOF WITH DETACHABLE SHAVING HEAD

Completely waterproof design with the highest quality stainless steel foils and cutting blades that are easily detachable for thorough cleaning. Shaver can be placed under running water to rinse away any hair or debris.

■ LITHIUM-ION TECHNOLOGY

Lithium-Ion battery provides a 60-minute run-time, fully recharge in 90 minutes. 10 minute rapid charge is sufficient for 1 shave.

■ LOCKING FUNCTION

Hold down the power button to activate the locking system to prevent accidental shut-off.

■ DIGITAL LCD DISPLAY

Robust digital LCD display indicates if shaver is powered on/off and the precise remaining battery percentage.
